

A World of Needs

From Croatia to Ghana, East Asia to Australia, Cru staff are at work building spiritual movements. While winning people to Christ, discipling and building them, then sending them to reach others, Cru staff step out in faith to see God develop new groups of Christ-centered laborers.

American Cru staff are needed in many specialty positions around the world to help pioneer as well as support and train leaders in ongoing movements.

The Clarks lead this team that helps get 50-70 strategic people each year onto the field with proper preparation for full-time service. They are part of the member care Cru provides for US staff who serve overseas.

Steve gives leadership to the Sending Team of HRX.

Ben, Steve, Andy, Josh, Esther, Melissa, Rochelle and Ryoko. Our family has grown and changed by serving internationally.

The Clark Family

Our oldest son is married to Ryoko from Japan. Our second son is heading to Japan for a year of ministry. Our daughter is in college, and our youngest is in fifth grade. Rochelle's mother lives with us too. We feel very blessed.

Now we are experiencing the new culture of Orlando, Florida, and adapting to life in the US. The Cru World Headquarters is a very international environment to serve in. We are eager to reach out to local internationals as well.

Making Good Use of Experience from Japan

Steve and Rochelle served with CCC in Japan for 23 years. Both on campus and in the neighborhood, they helped lead Japanese to Christ, built them in their faith and sent them to reach others.

23 years of ministry in Japan provides great experience for serving the needs of our US staff overseas.

Over time, Steve took on roles in the National Office including Human Resources, Finance, Materials and Website Development, and Mass Evangelism Strategies with the Jesus Film.

The Clarks also led Sunday schools, English Bible Classes and evangelism training in local churches using their Japanese skills.

Steve has worked with staff all over Asia in both Jesus Film and operations roles.

World Headquarters

The Clarks are working with HRX, a human resource department of Cru that cares for over 500 US staff members overseas.

Steve leads the Sending Team, a group of staff who recruit, evaluate, provide training and prepare applicants for international service. The team works closely to plan teams with our international branches.

Steve works with the Leadership of HRX to provide the direction needed to ensure that our US staff overseas are known and consistently cared for by the home office.

Cru World Headquarters at Lake Hart

Japan and Asia Connections

Steve and Rochelle are staying connected to Japan in a variety of ways. Steve leads a network of email follow-up volunteers who answer Japanese emails on Cru's evangelistic websites. Steve and Rochelle love to host Japanese staff and Japanese studying or working in Orlando, and to stay in touch with their Japanese friends. They are trusting God will lead them on short international ministry trips in the future.

Prayer Team

Partners are needed to pray regularly for the Clarks. Join their prayer team by request to the email address below. They send regular newsletters so that partners can be praying with insight.

Financial Support

All Cru staff are funded by developing a personal team of partners who give monthly or annually towards their Cru ministry. Your help is urgently needed so the Clarks can serve full-time.

The Clarks are currently seeking 10 additional partners who can give \$100 monthly to complete their full support.

Additional one-time gifts are needed to provide for travel and ongoing ministry expenses. These one-time needs are \$10,000. Any amount given is greatly appreciated.

Information on giving options can be found on their website or Cru's site: www.steveclark.us www.cru.org/give

Checks made out to Cru can be sent to them at their home address below.
